

LDA Topics

Topic 1

factor computing system
designing interactive systems
entopic field camera
conference human factor
human factor computing
factor computing systems
chi conference human
sigchi conference human
anxiv preprint anxiv
interactive systems conference

Topic 2

fiction social dreaming
speculative critical design
raby speculative everything
social medium platform
access march available
human computer interaction
accessed march available
springer international publishing
speculative everything design
generative adversarial network

Topic 3

conference human factor
chi association computing
computing machinery new
machinery new york
new york usa
association computing machinery
computing systems chi
factor computing systems
chi conference human

Topic 4

generative model disco
charles patrick marto
auto portrait auto
virtual event usa
motion capture datum
international conference computational
conference computational creativity
recurrent neural network
june virtual event
identity recurrent neural

Topic 5

talk discursive design
practicebased research inquiry
figure infinite guide
effect conversational system
relational thing talk
perlocutionary effect conversational
discursive design strategy
discursive design approach
thing talk discursive
ethical design framework

Topic 6

strategic holism palva
research journal doi
strategic palva holism
international conference humanfactor
creativity research journal
boost creativity robots
creativity robots figure
conference humanrobot interaction
abstractsdesign palva
holism test creative

Topic 7

research new media
international journal research
convergence international journal
labels creative usage
perception speculative labels
investigating consumer perception
consumer perception speculative
speculative labels creative
creative usage medium
journal research new

Topic 8

york usa association
association computing machinery
november taipei twm
new york usa
access jul online
life abstract holographic
jul online available
figure figure figure
cscw november taipei
abstract holographic dalle

Topic 9

trail well mark
tree trail well
big pine tree
plunge among big
doi url page
issn doi url
among big pine
pine tree trail
meme creator ownership
scenario synopsis scenario

Topic 10

hamburggo jul dez
journal novo hamburggo
human social world
creative industries journal
human machine communication
brazilian creative industries
future creative tool
industries journal novo
novo hamburggo jul
jul dez issn

Topic 11

appendix online questionnaire
dsii psila psilib
idea cogeneration dsii
psiv testing dsiv
prototype design psiv
design psiv testing
design fiction scenario
cogeneration dsii psila
psila psilib psili
filtering iteration dsiii

Topic 12

generate breathing waveform
waveform generate genspire
care generative deep
human breathing waveform
deep generative model
generative deep learning
respiratory care expert
respiratory care generative
breathe waveform generate
group respiratory care

Topic 13

like value system
design fiction concept
journal design vol
virtual event australia
dis june virtual
june virtual event
international journal design
domain experts value
journalist legal expert
value system loop

Topic 14

condition online library
library term condition
shibboleth online library
durante download shibboleth
future scenario generate
creative commons license
download shibboleth online
online library term
term condition online
online library rule

Topic 15

common attribution international
term creative common
art design technology
series cultural computing
chapter creative commons
creative commons license
include chapter creative
springer series cultural
creativity art design
creative common attribution
