

LDA Topics

Topic 1

chi conference human
machinery new york
conference human factor
human factor computing
new york usa
association computing machinery
factor computing systems
computing systems chi
computing machinery new
chi association computing

Topic 3

conference humanoid interaction
international conference humanoid
creativity research journal
international conference computational
arxiv preprint arxiv
boost creativity robots
creativity robots figure
motion capture datum
conference computational creativity
recurrent neural network

Topic 5

idea cogeneration dsii
cogeneration dsii psiia
psiv testing dsiv
dsii psiia psiib
prototype design psiv
generative deep learning
respiratory care expert
design psiv testing
psiia psiib psiib
design fiction scenario

Topic 2

speculative everything design
perlocutionary effect conversational
effect conversational system
conference human factor
relational thing talk
factor computing system
june virtual event
fiction social dreaming
cambridge mit press
discursive design strategy

Topic 4

usa association computing
