LDA Topics

Topic 1
design fiction social
everything design fiction
fiction social dreaming
arxiv preprint arxiv
social medium platform
raby speculative everything
speculative critical design
speculative everything design
generative artificial intelligence
new medium society

Topic 2
computing systems chi
interactive systems conference
entoptic field camera
factor computing systems
conference human factor
human factor computing
chi conference human
designing interactive systems
sigchi conference human
factor computing system

Topic 3
york usa page
cooperative work social
human computer interaction
extended abstract chi
new york usa
abstract chi conference
fairness accountability transparency
conference fairness accountability
work social computing
dis july pittsburgh

Topic 4
focus group discussion
design craft speculation
speculative design craft
meme creator ownership
conference intelligent user
international conference intelligent
intelligent user interface
international journal humancomputer
creativity support tool
human computer interaction

Topic 5
machinery new york
new york usa
computing machinery new
association computing machinery
chi conference human

Topic 6
dance movement ideation
computational creativity iccc
international conference computational
arxiv preprint arxiv
conference computational creativity
virtual event usa

Topic 7
part work personal
hard copy part
make digital hard
dis june virtual
june virtual event
virtual event australia
permission make digital
digital hard copy
copy part work
work personal classroom

Topic 8
conference dis association
comput interact cscw
conference human factor
systems chi association
computing systems chi
april hamburg germany
chi april hamburg
york usa article
hum comput interact
interact cscw article

Topic 9
international conference movement
advance neural information
mixture density network
density recurrent neural
june virtual event
motion capture datum
recurrent neural network
generative model dance
charles patrick martin
mixture density recurrent

Topic 10
boost creativity robots
creativity robots figure
antaga palva hoffman
international conference humanrobot
per int interact human

Topic 11
figure author photograph
figure machine living
taylor francis group
human machine communication
access march available
accessed march available
york new york
human social world
creative practice ethnography

Topic 12
new york usa
cscw november taipei
figure figure figure
jul online available
life abstract holographic
access jul online
november taipei twn
association computing machinery
abstract holographic dalle
abstract holographic stable

Topic 13
tree trail well
pine tree trail
among big pine
new york usa
doi url page
issn doi url
plunge among big
big pine tree
trail well mark
york usa association

Topic 14
near future laboratory
creative usage medium
labels creative usage
perception speculative labels
investigating consumer perception
consumer perception speculative
speculative labels creative
article govern applicable
drone flight path
design research design

Topic 15
journal research new
design case study
speculative design case
perspectives japan participatory
participatory speculative design
metaverse perspectives japan
japan participatory speculative
convergence international journal
international journal research
research new media

Topic 16
creative common attribution
art design technology
series cultural computing
chapter creative commons
creative commons license
include chapter creative
springer series cultural
creativity art design
term creative common
attribution international license

Topic 17
talk discursive design
practicebased research inquiry
figure infinite guide
perlocutionary effect conversational
relational thing talk
effect conversational system
discursive design strategy
discursive design approach
thing talk discursive
ethical design framework

Topic 18
online library term
download shibboleth online
creative commons license
deep generative model
future scenario generate
generative deep learning
respiratory care expert
human breathing waveform
durante download shibboleth
shibboleth online library

Topic 19
visionbased design education
jul dez issn
journal novo hamburgo
creative industries journal
brazilian creative industries
international journal design
journal design vol
industries journal novo
novo hamburgo jul
hamburgo jul dez

Topic 20
appendix online questionnaire
cogeneration dsii psiia
design fiction scenario
psiv testing dsiv
prototype design psiv
design psiv testing
idea cogeneration dsii
dsii psiia psiib
psiia psiib psiii
filtering iteration dsii
